This inspection was one to remember. The Pierces warmly greeted me and invited me to come and sit and discuss the role of Animal Control in the community as it pertained to rescues, shelters etc. and then gave me an open door tour to their facility.

What I found was quite refreshing. Clean horse stalls, clean horses, clean water (crystal clear), more than adequate shade and feed & most of all a facility that is applying a systematic approach to the administration of the facility that is possibly unequalled in this jurisdiction.

Miracle Horse is a model facility with an obviously successful management team at the helm that has clearly & rightly earned the praise and support of many.

It is a pleasure and honor to Nye County to have such a fine facility here.

In conclusion I recommend that Miracle Horse be issued a Rescue Permit.
